

Quenched and tempered special structural steels

Dimensions and tolerances

Four-high mill plates

Thickness: 4 - 100 mm

Width: 1,000 - 3,300 mm

Length: 4,000 - 14,800 mm

Thickness tolerance*: $\Delta d \leq 0.7$ mm

(within a plate*: $\Delta d \leq 0.3$ mm)

Tolerance in width and length acc. to EN 10029

*valid for thicknesses up to 10 mm

Bandbleche

Thickness: 3 - 12 mm

Width: 820 - 2,000 mm

Length: 4,000 - 14,800 mm

Thickness tolerance*: $\Delta d \leq 0.4$ mm

(within a plate*: $\Delta d \leq 0.1$ mm)

Tolerance in width and length acc. to EN 10029
